Shaw High School

January 14th

Patt Patterson 30-7
SHAW

1939
HIGHLIGHTS
In 1910, the Shaw faculty added to its ranks a young woman who, after she had completed 28 years of teaching English in Shaw, retired from teaching this past June. She spent 23 of these 28 years as head of the English department.

Always energetic and thorough in all she did, Miss Mary Penberthy raised the standards of the English department to such a high level that it gained national recognition as one of the most efficient and valuable departments of high school English in the country. Under her leadership regular library instruction was instituted and recently a new course, Business English, was adopted to meet present-day needs.

At the time of Miss Penberthy's resignation, Mr. Kirk, the late superintendent of schools, said of her, "Untiring energy, inspiring vitality, rare efficiency, a fine sense of humor; all these describe Mary Penberthy during her 28 years in the English department of Shaw High School. When a personality of that kind retires from a school, we all feel a great sense of loss."

As a tribute unworthy of so great a person, we dedicate this book to Miss Mary Penberthy.

IN MEMORIAM

Mr. W. H. Kirk

THE pen that wrote so busily for forty-seven years in the seldom-tiring hand of our late superintendent slipped from his unwilling fingers on the 29th day of November, 1938. Mr. Kirk's great ambition, to serve the community for fifty years as superintendent of schools, he was not permitted to fulfill.

It has been said that Mr. Kirk's outstanding characteristics were simplicity and kindliness. Such qualities as these created respect and admiration, and endeared him to students and staff members alike.

The development of educational facilities in East Cleveland is, in a large measure, due to his vision, his good judgment and his leadership. As the only superintendent of schools he guided the development of a small school with three teachers and a handful of pupils to its present size of 6000 pupils and a teaching staff numbering more than 300. He maintained constantly a fine program of education which gained recognition throughout the country.

Not only was Mr. Kirk a leading educator but he was also the leading citizen in the community. As an elder in the church, as an active member of fraternal and social organizations he played an important part in the development of all that has to do with the social, educational and recreational well-being of East Cleveland.

The W. H. Kirk Junior High School, a monument erected to Mr. Kirk, is but a symbol of the real monument which he unwittingly erected to himself—a monument not of man-made material but one of which the cornerstone is character and the material, service.
Mrs. Rachael O. Yaw, assistant to Mr. Kirk since September 1929, was appointed acting-superintendent to serve until Mr. Kirk's successor is named.

Mrs. Rachael O. Yaw  
*Acting-Superintendent*

Mr. C. W. Kimmel, vice president, will end his term January 1, 1940. He was appointed on January 1, 1932.

Mr. Ben B. Wickham, president, assumed his duties in November, 1929. His term will expire December 31, 1940.

Mrs. Doris Jones was appointed December 30, 1938. Her term will expire December 31, 1940.

Mr. George N. Nelson became a member of the board January 1, 1934, and his term will expire December 31, 1942.

Mrs. Mariem Morgan, whose term will expire December 31, 1942, was appointed January 1, 1934.
I n the decade of his service to Shaw High School, Mr. Dietrich has come to be regarded by students not so much as a principal but rather as a friend who is personally interested in each individual student.

Seldom is there an athletic event that does not have him as its most interested spectator. In him the players always have a firm supporter, whether they win or lose. Every Shuttle owner is proud of Mr. Dietrich's signature which is in great demand at the annual Shuttle signing party. He is to be found at debates, at plays, and frequently at club meetings. He considers each student as an individual and will go far out of his way to assist the person who has need of help.

It will ever be with fond memories that we think of Mr. Dietrich, not as a principal but rather as a true friend.

Mr. M. C. Dietrich
Principal

Miss Jean Quay
Assistant Principal

Mr. Howard K. Hunter
Guidance Director

Mr. F. E. Williams
Boys' Adviser

ALMA MATER

John Howard '31

Sing with praise to old Shaw High School,
Glorify her name.
In the hall of school-day victories
Shaw has won her fame;
While at war with grim Defeat
She learned to play the game.
Sing with praise to old Shaw High School,
Glorify her name.

Sing of love for dear Shaw High School,
Alma Mater fair;
Sharing sadness, offering gladness,
Tendering every care.
Teachers, students, fathers, mothers,
All in tribute share;
Sing of love for dear Shaw High School,
Alma Mater fair.

Of importance to all new sophomores at the beginning of each semester is the Pre-Shaw Day at which they become acquainted with the building. Kid Day is a day for seniors to revert to their earlier habits of little children. Shaw Day at Euclid Beach Park gives all Shaw students an opportunity to enjoy themselves there at special student prices.

give-one
ALTHOUGH classes, extra-curricular activities, and athletics are vital to Shaw’s existence, a picture of school life is incomplete without the incidental happenings. Some of the more representative of these occurrences serve to give an idea of the everyday incidents at Shaw. Building repairs, assemblies, and selling of concessions at athletic events are among the activities of this sort.
WE SHADOW

AND PLAY
HIGH scholastic rating, plus character, service and leadership are the requirements for membership in the National Honor Society. Any A, B, or C student possessing these qualifications is eligible for consideration for membership.

Of the 18 charter members in the society when it was organized in 1925, 16 went to college. Of the 688 members graduated previous to September 1938, 46% have gone to college.

Though not all have attained notable success, former members have been credited with distinctly higher-than-average records in their careers after leaving Shaw.

fifty-five
LATE in May each year there appears in permanent form a record of the activities of the current school year. The Shuttle aims to give the students an accurate and complete idea, in pictures and words, of the year’s happenings. This, the thirty-sixth volume, contains 170-odd group and informal pictures in addition to the individual pictures of the seniors.

The work involved in publishing the Shuttle includes not only taking pictures and reporting club activities and athletics, as many students think, but also checking everything that goes into the book from the original write-ups submitted by the reporters, and the identification of all persons appearing in pictures, to the page proof, a type of sample Shuttle.
THE Shuttle Business Staff is divided into two departments—both working to make the Shuttle a success financially.

Through the medium of the public address system, the circulation staff carried on a sales campaign this year which resulted in 875 subscriptions. The campaign included a display of old annuals which were in the Model "T" stage compared to the more recent editions.

Advertising comes in for its share of the credit also. The advertising staff, whose picture appears in the opening pages of the advertising section, was kept busy selling "space" to the merchants in the community.

fifty-seven
THAT'S all, folks. You may go home now.” This familiar message is heard by the forty members of the editorial staff of the Observer after they have completed work on the forthcoming edition, issued on alternate Fridays during the school year. This is the tenth year of Shaw’s bi-weekly paper by means of which the student body is kept informed on current school events. It also has played a significant part in shaping student opinions during this time.

For the second consecutive year honors were conferred upon Charles Heminger and Phillip Lopatnikov for their column, “Loose Ends” This year Dick Neale was honored for his column, “Observing”.

COOPERATION is a one-word description of the Observer Business Staff. Two departments of this staff work together to finance the Observer.

The circulation staff, managed by Ruth O'Malley and Janet Tatman, sells and distributes the papers to the homerooms. The advertising department, managed by Ray Daw and Irving Seidman, sells advertisements, prepares copy and sets up the advertising "dummy" for publication. Alfred Habenstein, also in the advertising department as collection manager, is responsible for collecting from the Observer's advertisers.

Both departments work together to finance a successful school newspaper for the Shaw student body.
Finance Committee:

The main duty of this committee is to keep an accurate record of the fiscal accounts of the Student Council. The biggest transaction of the year was the purchase of a new $1300 movie projector through the income received from the noon movies.

Dance Committee:

One of the duties of the Dance Committee is to prepare a calendar of after-school dances given by various clubs. Beginning this year, it has undertaken to hold a dance every other week if no dance has been planned. At the end of the semester the committee plans and presents the Monitor Dance.

Publicity Committee:

Putting up posters, announcing coming shows, and advertising Student Council events are all work of the Publicity Committee. As a special job, the committee was placed in charge of planning and arranging student assemblies this year.

Show Committee:

The Show Committee of the Student Council plays an important part in the everyday life of the school. The committee has complete charge of selecting, booking and obtaining the various pictures to be shown in the noon movie.

Point Committee:

To check, arrange, and carry out the program of the point system is the foremost duty of the Point Committee. This year the committee rearranged the number of the points for the various activities. Its purpose is to divide work and honors fairly among Shaw students.
Executive Committee:

The Executive Committee of the Student Council is composed of the four officers with the president as its head. Besides advising the work of the respective committees, it has the job of visiting other schools, guiding visitors, and planning of social events.

Lost and Found Committee:

The Lost and Found Committee has the duty of carefully checking and handling lost and found articles of the school. Through the use of the broadcasting system many valuable articles have been returned to their rightful owners.

Handbook Committee:

To see that Shaw students have a chance to learn more about the school, this committee has the duty of handling the sale of the Shaw Handbook. Having sold all of a former publication, the committee has compiled a new issue to appear next year.

ENGLISH

THE English department has felt very keenly the retirement of Miss Mary Penberthy, who was its director for twenty-three years. It is largely through her energy and foresight that the department has reached its present high standards.

Two years ago new textbooks were adopted by the department and a new course of study was prepared. More recently standardized tests have been made a part of the required work in all grades.

The aim of this department is not to make literary personages of the pupils, but to encourage wider and better reading, greater pride in writing, and correct and more effective speech.

English class scenes
IN 1922 the Shaw library was organized as a result of the growing need for a school library. It was originally situated in Room 29 and two years later, as the demand for books grew, its location was changed to Room 31. With the opening of the W. H. Kirk Junior High School more space was available and it was moved to its present location where two rooms were combined to provide housing for its numerous books.

The Shaw library, with its 13,000 odd volumes and an annual circulation of over 35,000 books, has from the beginning been developed to its present high status under the direction of Miss Mary Morrison. Besides the books, the library offers 36 current magazines to the student body. It also has a faculty shelf of loan books.

One of Miss Morrison's chief responsibilities is library instruction for all the grades in Shaw.
THE favorite art and real objective of the Lotophagi Club is creative writing.

Organized in 1924, this club maintains its roster by try-outs given each semester to those prospective members recommended by their English teachers. Manuscripts may be submitted in prose or poetry form.

Last year a board of members chosen by the club adviser, Miss Lindsay, managed the compiling, publishing, and selling of The Hundredth Milestone, an anthology of the best works of Shaw students of recent years. This book, containing a variety of prose and poetry, is the second published by the Lotophagi Club.

Meetings, held semi-monthly, are interesting as well as valuable in providing an opportunity for critical analysis of a member's literary endeavors.
PHILOMATHEIAN CLUB

JEANNE KIBLER ----------------------------- President
MARY LOUISE DAVIS ---------------------- Vice President
BETTY HEICK ----------------------------- Secretary-Treasurer
MISS MARY MORRISON ---------------------- Adviser

THE word Philomatheian comes from the Latin "Love of Learning". As its title signifies, the Philomatheian Club is composed of members who are interested in reading.

The club is divided into six committees: fiction, biography, travel, science, drama, and history. Each member chooses the committee on which he wishes to serve and whenever his committee has charge of the program he participates with an assigned report.

At the beginning of each semester a tea is held for all prospective members to give them an idea of the club’s organization and its programs. At the end of the school year a theater party is held for all members.

This is the fifteenth successful year for the Philomatheian Club.

sixty-seven
LATIN, German, Spanish, and French are the four possibilities in a Shaw student’s choice of a foreign language. During the last few years the trend has gone toward the modern languages.

An effort has been made to make the courses more interesting and helpful by special activities: members of Latin classes discuss Roman life; French students discuss French times and customs; members of German classes improve their diction and appreciation of German by hearing and discussing phonograph records in German; Spanish classes give short plays and sing Spanish songs. All these activities are included in the regular curriculum in order to give the students a better understanding of the language and the country of its origin.
LATIN CLUB

ANY pupil maintaining a grade of C+ or better in Latin or taking third or fourth year Latin is eligible for membership in the Shaw Latin Club.

It is the aim of this organization to give the pupil a chance outside of the classroom to increase his knowledge of Latin and of the life and customs of the Roman people. The club project for this year was Augustus Caesar. Reports concerning this great Roman leader were given at each meeting.

This year Miss Jennie Gleeson, head of the Latin department, became adviser of the club, succeeding Miss Linnie Arnold, previous adviser and founder, who is now devoting all her time to teaching English.
PARLEZ-VOUS FRANCAIS? You must if you desire to belong to the French Club because members are expected to speak only French during the entire club meeting. Stress is laid on the improvement of each member's vocabulary. Meetings are composed of talks, forums, and French games. A dinner at the end of the first semester and a picnic in the spring are the two festivities of the year.

The club is noted for its point system. A total of 80 points is necessary for a graduate to use the club's name with his activities in the Shuttle. This serves to maintain a roster of active members. Last year special honors were given to members having the greatest number of points.
TO give the students an opportunity to advance their knowledge of German is the purpose of the German Club. In an endeavor to carry out this purpose, meetings are conducted in German. The minutes and all business reports of the club are written in German, and much of the discussion is in that language.

The entertainment committee also works to further the club's purpose by holding quiz bees, presenting plays, playing records, and telling stories, all in German.

The German Club is open to any student who speaks German and who wishes to take advantage of the opportunity of gaining a practical knowledge of the language.
EVERY candidate for graduation from Shaw must present at least one credit earned in the social science department. American history and civics are required by law. The other courses from which he may choose include three courses in history, one in economics, and one in sociology. Recent innovations made since Mr. W. Hoyt Lowden has been head of the department are world history and social problems, both of which have steadily increased in popularity.

This year the weekly magazine, *Our Times*, was used for a source of current events in American history classes. In the economics and sociology classes field trips were used for sources of present-day economic and social problems.

MISS HELEN NOTT

Another successful year is nearing an end for the History Club. Once more it has been one of Shaw's top-ranking after-school activities.

The club visited the Mormon Temple at Kirtland last fall to review its historical background. Several Cleveland speakers appeared on the programs of the regular meetings and frequent quiz bees on historical facts were held. At Christmas time the annual party provided a merry occasion.

Under the able supervision of Miss Helen Nott the club has instituted rigorous rules for maintaining an active membership. Though any one interested in history may join the club, if any member misses two consecutive meetings he is automatically dropped from the roll. The club's meetings are held every two weeks.
SHAW’S youngest recognized organization is the Sociology Club, founded only this year. It boasts a membership of about thirty students interested in social problems.

Discussions of everyday social problems and talks on different cases of the East Cleveland Courts made up some of the meetings. At other meetings there were reports and discussions by members who had gone on field trips to various institutions around Cleveland.

During its first year the Sociology Club produced an assembly for all members of social problems classes, it held mock trials, visited the Juvenile Court and, during spring vacation, it “sat in” at a session of the Cuyahoga County Court.
THOUGH they are not directly connected with any specific school department, the school-wide activities are indispensable to the school. The Student Council has in its charge almost the entire student government. The Observer and Shuttle staffs provide Shaw with a bi-weekly paper and yearbook respectively. With their varied interests these activities influence many Shaw students.
The development of the talents of musically, artistically, and oratorically inclined students of Shaw is the purpose of the Fine Arts Department.

This department offers a variety of courses, including band, orchestra, chorus, public speaking, expression, and art. Among the school requirements in minor subjects is one year of public speaking or expression.

Connected with these classes there are numerous after-school activities and contests. The band and orchestra participate in local, state, and national contests and provide music for school and community affairs. The A Cappella Choir sings in an annual Lake Erie League Music Festival, members of art classes participate in the annual Charity Football poster contest, and debaters enter interscholastic contests.
FOR the Shaw student actively interested in speech and debate there is a definite place in the Debate Club. This organization, under the guidance of Miss Crank, is among Shaw’s oldest clubs, and has a record of consistent activity.

Its meetings include entertaining talks, questions on current events, round table discussions, contention on political matters, and formal speeches in addition to debates.

Among the ambitions of debaters is membership in the National Forensic League. The requirements are 20 points in inter-scholastic speech contests.

Last year, after a brilliant season, the Shaw debaters gained the State championship and entered the national contest but did not succeed in winning national honors.

ONE of the largest and most active organizations at Shaw, the Dramatic Club, this year presented as its Mid-Year production, "320 College Avenue."

The Mid-Year and the Christmas play, which was a pageant entitled, "Why the Chimes Rang," are the club's most important annual presentations. Several other plays were also put on this year. "The Ring and the Look" was given for a student assembly, and "Another Beginning" and "Three's a Crowd" were presented before the club.

Membership in the Dramatic Club is attained through try-outs given at the beginning of each semester.
THE boys behind the scenes of Shaw’s theatrical productions are the members of the stage crew. These boys are in charge of the lights, curtains, and scenery. They also keep the scenery and costume room in order. All in all, their job is to see that the technical end of the show is properly performed.

The boys in the movie crew are

the ones that help make it possible for students to see the “movies” during the noon lunch periods. They have charge of the projector and the films.

This year the boys used a new Simplex Acme De Luxe projector, which was purchased by the Student Council.
A CAPPELLA CHOIR

MISS FLORENCE SHAFFER  Director

OVER 80 students meet in B-11 for the chorus known as the A Cappella Choir. From this membership varying numbers are chosen who sing at graduation ceremonies, at annual Armistice Day programs, and at Lake Erie League Music Festivals.

Last Christmas was a busy time for the choir members. They sang Christmas carols in the halls of the school, at the Higbee Company, and for the East Cleveland Music School Settlement. At the Christmas assembly the choir entered the darkened auditorium, carrying flaming candles, and caroling to form an impressive part of the pageant "Why the Chimes Rang."

Soloists in the A Cappella Choir were: Shirley Webster, Ellen Wendi, Chalmer Ferris, and Concetta Siena.
THE Girls' Glee Club is Shaw's oldest organization. At its meetings songs are rehearsed for the annual spring concert. Solos given by individual members provide entertainment and valuable experience.

The club's activities are varied. It supplies the magazine Etude for the school library. A dinner party is given for the seniors at the end of each semester at which the seniors provide a program after the dinner. This year a doughnut sale was sponsored by the club. The girls sang carols at Christmas time. The members of the Glee Club assist in an annual tea given for the mothers by the music department. This group is one of the most active, wide-awake clubs of Shaw.
THE year 1938-1939 was "orchestra year". This means that the orchestra entered an important contest. Shaw entered the Cleveland Orchestra Contest in Class A.

This musical organization plays an important role in the school life. It appears at the Armistice assemblies, commencement, and at the mid-year play; besides these activities it frequently provides the music for less formal affairs.

A part of the proceeds from the February band concert was used for new equipment for the orchestra. Two violas, two cellos and one string bass were purchased.

Director Niergarth, who has felt the need for additional string players, hopes to remedy this situation by emphasizing violin training in the grade schools.

Mr. Robert Frazer, a Shaw graduate who studied music under Mr. Niergarth, has been appointed to assist Mr. Niergarth in teaching instrumental music.
HERE they come marching down the field, resplendent in their flashing black and red uniforms with white spats. Of course it's the Shaw band executing difficult marching formations between the halves at a football game.

At night these same band members move along the field with multi-colored lights fastened to their hats. It would seem that a new Shaw band has appeared with the newly-lighted stadium.

Another innovation introduced by Mr. Niergarth was the playing of "swing" music at football games and assemblies.

In a more serious mood the band began long and difficult rehearsals for its popular concert given February 20 to raise money to buy new uniforms and instruments.
THE house lights are dimmed, the curtain is raised, and the Shaw Art Club enters into a new activity—the presentation of a student assembly. With the stage arranged like a radio broadcasting studio, the Art Club, on March 9, presented a quiz bee based on facts that everyone should know about art. When the "experts" failed to answer a question, the audience was given a chance.

Besides the assembly, the Art Club has been engaged in various other activities. This year's special art project was making wooden rings and bracelets. The annual art exhibit was also held and the Art Club spring dance was given April 14.
FINE ARTS ACTIVITIES

THE pursuers of the fine arts, if the number of the clubs concerned is any criterion, are Shaw's most active group of students. Eight clubs are linked directly with this department. In the Dramatic Club, Shaw has an organization that provides many stage productions. The Stage Crew assists at these productions, while the Movie Crew is in charge of the noon pictures. The Art Club and music organizations form an indispensable part of the school activities.
MECHANICAL drawing, woodworking, machine shop, foods, and clothing are the courses included in the industrial and household arts department.

Miss Klipple, a member of this group though she does no actual teaching, is in charge of the Shaw cafeteria. Approximately 1250 students, including the children from Prospect School, buy their lunches there each day.

Advanced classes give students opportunity to make practical application of their previous study. Clothing classes make dresses; foods classes do their own menu planning, marketing, preparation and serving of meals; boys in woodworking classes make furniture; machine shop students make metal objects useful about the home.
WITH noticeable progress the Health Club is fast becoming one of the most popular clubs in Shaw.

This year lectures were brought to the girls emphasizing the importance of health and the rules for maintaining it. Tuberculosis was the subject of one of these talks. A visiting nurse also spoke concerning her professional experience. The effects of alcohol on the mind was the subject of yet another talk.

The club meets on alternate Tuesdays of each month and is sponsored by Miss McWebb, the school nurse.

Among the activities of the Health Club were a Christmas party and, in February, an apple sale at which enough apples were sold to keep the doctor away from Shaw for many a day.
PHOTOGRAPHIC CLUB

First Semester

MR. OLIVER N. CRAIG. Adviser. MR. OLIVER N. CRAIG

CLICK! What was that? It was one of Shaw’s Photographic Club members taking a picture.

When a student joins the club he tells of his experience, if any, in photography. If he knows very little about photography, it is the purpose of the club to teach him the tricks of the trade. Some meetings are conducted as field trips to some sections of Cleveland where good pictures can be taken. These pictures are then used in a school contest which helps members to find their weak points.

Edwin Perry, a former Photographic Club member, showed many colored photographs at one meeting while another meeting was held at the Warner and Swasey Observatory.

eighty-eight
AN activity popular among Shaw boys is the Shaw Rifle Club. Its thirty-five members meet every Thursday night at the W. H. Kirk Junior High School where their range is located.

The club's "A number-one" team of six men holds the distinction of not having lost one meet. Such teams as East, Lincoln, and an all-girl team of Cuyahoga Falls were its competitors. The team participates in about thirty meets during the year.

Ace sharp-shooter of the team was Bob Waltz who usually scored 99 or 100. Other members of the team were Ed Kimball, Frank Kappen, Johnny Phillips, Johnny Babcock, and Frank Larned.
"To create, maintain, and extend throughout the school and community high standards of Christian character." With this as its motto, Shaw Hi-Y each year strives to improve and develop the characters of its members.

The boys in Hi-Y have numerous club and inter-club activities to occupy their time throughout the year. Included in the activities among the clubs are football, basketball, swimming, and baseball competition. Besides these each year the combined Hi-Y chapters present to the public a Hi-Y show and a Hi-Y dance.

This year a point system was instituted whereby the clubs must maintain a high average in attendance and activity to win the final trophy awarded to the club with the greatest number of points.

THE Sophomore Friendship Club

is a very popular club among tenth grade girls. Any sophomore girl who is willing to pay the 20 cents dues each semester may be a member of this club.

The organization started a very successful and active season with its annual "Big Sister-Little Sister Tea" held jointly with the Senior Friendship Club.

In addition to the regular meetings there was a splash party in the Shaw Pool, and a treasure hunt ending at the Y. W. C. A. house. A meeting was held in the cafeteria at which Miss Grout, from the East Cleveland Library, entertained the girls with a very interesting story of magic shoes. A speaker from the Juvenile Court talked at another meeting.

At Thanksgiving the club gave two baskets to under-privileged families.
The Senior Friendship Club is Shaw's largest girls' organization. The first semester of this year it boasted a roll of 293 members. It is directed by a cabinet of fourteen girls including the officers and the chairmen of the various committees. Two special groups within the club are the Ring Group and a group which works at Huron Road Hospital.

Activities this year have been varied and numerous. A Big Sister-Little Sister party was given to welcome new members. The annual Recognition Service was held with the Sophomore Friendship Club. Another party was given in the cafeteria where pictures of Mary Eells camp were shown. The annual Senior Friendship Club-Hi-Y banquet took place in January. The club again provided toys, food and clothing for a needy family at Christmas time.
SENIOR FRIENDSHIP CLUB

Homeroom Captains

MISS ALICE COFFIN ———— Adviser

TWENTY-NINE homeroom captains compose the membership committee of the Senior Friendship Club. The chairman of this committee is the first vice president of the Senior Friendship Club.

The duties of the captains are to collect the dues and to keep the girls in the homerooms informed about the activities of the organization.

This branch of the Senior Friendship Club was organized about five years ago. It acts as a link between the cabinet and the members and has rendered very valuable service to a club whose membership is so large that it is difficult for the cabinet to make contact with individual members.
HOBBY AND SOCIAL CLUBS

Hobby clubs at Shaw give students an opportunity to bring hobbies into the school and discuss them with other students. Many students have developed these hobbies into vocations. In Shaw's social clubs students can become acquainted with other Shawites they would not otherwise know.

Check and double check!

Tipping teapots.

My friends!

And so you have a picture.
NOT to make Newtons or Einsteins of Shaw students but merely to provide a knowledge of the basic laws of science and an insight into the common problem of "what makes it tick" is the purpose of the natural science department.

Under the leadership of Mr. C. J. Carter it has maintained a large and varied list of courses. The newest of these is Senior Science, a non-mathematical course which covers the fundamentals of most of the other courses in the department.

There is a great attraction to science courses because of their interesting forms of study; experiments are performed by students as well as teachers; the problems presented are frequently applicable to everyday life.

Amateur scientists.
NOT to know the binomial theorem at the age of eighty, but rather to make practical application of mathematical theories, such as to know what to do with income tax returns, is what the mathematics teachers wish to instill into the minds of Shaw students.

This department, under the able supervision of Mr. Brown, has attained remarkable success and many of its students have gained recognition after graduation for outstanding performance in lines of work related to mathematics.

The courses included are algebra, plane and solid geometry, and plane trigonometry. Trigonometry combines the rudiments of arithmetic, algebra, and geometry to present an improved form of applicable mathematics.
THE general purpose of the commercial department is to give students an idea as to their capacity in specific commercial lines and, in addition, an appreciable advancement in those courses chosen.

General, secretarial, and accounting are the three divisions into which the commercial department is divided. Business Orientation, a course introduced this year and required of all commercial students, serves to place each student, judged by his interest and ability, in one of these fields. Retail Trade, Personal Bookkeeping, and Business Management, new courses recently adopted, are offered in the general commercial course. To Mr. Leist, who has worked untiringly, belongs much credit for these recent changes.

Learning the tricks of the trade.
TO the student who thinks teachers are made to sit behind desks and make students miserable here is evidence that they also have other interests. At teachers' picnics, during vacations, at club picnics, and even at school after classes, teachers prove that they are human, too. Neither do they believe in "all work and no play."

Dishing it out!

And this is no story!

What's the matter with it, Miss Jones?

Like it, Miss Wolf?

That grim determination!

Miss Bright's 'Pussins'.
COMPULSORY to all except band members, members of athletic teams, and those with doctors' certificates, physical education—better known as gym—seeks to attain its purpose of building a sound body.

This department is made up of three subdivisions: boys' gym, girls' gym, and health education. One semester of each year in the boys' gym department is devoted to physical efficiency tests. The boys earning the greatest number of points receive letters for their achievements.

Girls' gym classes are organized in groups taught by leaders. It is the duty of these leaders to conduct classes and otherwise assist in the absence of the class teacher.

Miss McWebb, the school nurse, teaches two classes of health education in which the girls are instructed in the rudiments of home hygiene and care of the sick. For those who have doctors' certificates there is a special rest gym which provides a period of complete rest instead of the regular gym period.

**Mr. Martin Loftus** .................................... **Assistant Coach**

**FIGHTING** hard through the entire season, the 1938 football team completed one of Shaw’s most successful seasons in many years. By defeating all but the mighty Lorain and Elyria elevens, they were able to finish in third place in the Lake Erie League race. Shaw scored a total of 121 points to her opponents’ 93, averaged approximately 13 points per game to 10 points for its opponents, and completed the season with a .666 percentage.

Shaw’s smooth-working backfield was outstanding among city teams. Paul Sweeney captured high-point honors by making 32 points for the Black and Red. Bob Harris and Dick Palmer made 25 points each.

one hundred one
Dick Palmer (Fullback)
Dick, proficient at any sport, really picked 'em up and laid 'em down.

Paul Sweeney (Right Halfback)
Paul, with his educated feet, seemed to opponents to be where he wasn't.

Bob Harris (Left Halfback)
With speed and hip action and a healthy toe, Bob rolled up the points for Shaw.

Don McIlrath (Quarterback)
With "Mac" as field general, Shaw had a real epidemic of victories.

Bob Tresch (Right End)
Captain Bob, good through the entire season, really cleaned up on the Lorain team.

Trevor Rees (Coach)
If scores tell the story, Trev is getting better every year. He wasn't bad in the beginning.

Bill Corbeau (Left End)
Bill grabbed 'em right out of the air with those big hands of his.

Howard Rosen (Left Tackle)
"Howie", the fellow they thought was tubby, used it to a good advantage.

Wallace Judd (Right Guard)
"Wally", the little guy, turned out to be as hard as nails and just about as easy to go through.

Kent Geiger (Center)
Kent, the "wee little guy", showed them what "stopping them dead" meant.

Ed Merlin (Left Guard)
Ed, the fellow at left guard, opened those holes for good.

Bob Kidd (Right Tackle)
Bob could really plug up those enemy holes and "smear" the runner.
Bob Lucas (Fullback)
Bob was the fellow who would get up before the others thought about it; and could he play!

Bob Roth (Right Halfback)
Bob, a bench warmer most of the season, showed his worth when given the chance.

Harry Bredenberg (Left Halfback)
Harry came through in the Lorain game with beautiful defensive playing.

Bob Hambly (Quarterback)
Bob, the team's dark horse, came through in the Heights game with flying colors.

Bill Sneller (Right End)
Bill, with few chances to play, took advantage of them and really filled Tresch's boots.

Martin Loftus (Assistant Coach)
"Marty" coached the reserves through an undefeated season.

Robert Taylor (Left End)
"Bud", pass snagger, defense artist, knew the tricks of the trade.

Bill Lehecka (Right Tackle)
Bill, originally an end, showed that he was dangerous at any position.

Bob Poust (Right Guard)
Bob knew how to plug up the holes and he did.

Marion Dietrich (Center)
"Diet" snapped the ball and took 'em out.

Jay Smith (Left Guard)
Jay, playing either guard position, played a whale of a game.

Al Flor (Left Tackle)
Al was out with a bad ankle most of the season but when he played—oh boy!
DUE to the great improvements in the stadium, football has become a great drawing card for spectators. Night lighting, this year's special feature, enabled Shaw's football team to play four night games at home. Two special events at the games were the opening of the renovated stadium with a torch-bearer "bringing the light", and the crowning of the football queen.

Pretty flowers for pretty ladies!
Sweeney off for a touchdown!

The torch-bearer.
Hip action!

Touchdown!
Yea, Shaw!

one hundred four
WITH 12 lettermen returning to run for Shaw, the track team entered the field with one of the strongest outfits in this district.

By defeating their traditional rivals, Heights and University School, in dual meets, the boys in the satin shorts gained much popularity among Shaw fans. The one-mile relay team—LeRetilley, Conaghan, Goodfleisch, Harmon—was Shaw's most outstanding entry. Although setting a new record of 3:29.3 at the N. E. O. district meet, the mile relay team took a second place in the State meet at Columbus. The half-mile relay team—Harmon, Ralph Fox, Ray Fox, Rinebolt—also shared in the honors by placing second in the State meet.

Tom LeRetilley, last year's captain, was succeeded by the Fox brothers, Ralph and Ray.

THOUGH this year's Cross Country team was not as successful as Shaw's previous championship harriers, they upheld their record by outrunning Collinwood for Shaw's eighth straight victory. East and Heights then edged Shaw by narrow margins.

Archie Robertson was Shaw's outstanding runner, placing first against Collinwood, second against East, and third against Heights. In cross country competition the team with the low score wins.

Shaw had eight lettermen this season. Most of them will return next year to attempt to continue their rule over Collinwood and take revenge from East and Heights.

WITH no lettermen remaining from last year's team, Shaw's tennis players fell short of the achievements of former years. The team played twenty-five matches during the season, all of which were with Lake Erie League teams. Bob Griffith was number-one man, winning a singles match against Elyria and, with Kenny Williams, a doubles match against Shaker.

Shaw finished last in Lake Erie League competition, winning only three matches. Next year's hopes look somewhat brighter.

This is the twelfth year tennis has been played at Shaw.

BRINGING the undisputed Lake Erie League championship to Shaw for the first time in ten years and advancing to the quarter-finals in the State championship race, Shaw’s smooth-working well-balanced basketball team was labelled as one of the most outstanding in Shaw’s history. During its schedule of twenty games Shaw piled up 525 points to her opponents’ 403.

High point man was Dick Palmer, who scored 163 points, 117 in league competition. Paul Williams was second with 75 points.

Shaw also attained the distinction of winning 12 consecutive games with margins ranging from one to 36 points.

AGAIN Shaw's Reserves are the Lake Erie League champions! Again the Reserves went through their league schedule without dropping a game! This performance has now been repeated for the last four years.

The Reserve team lost its opening game to Collinwood by one point, 28 to 27—its only loss in two seasons. Then turning on the heat, the Reserves decisively won their next 13 games.

Shaw piled up 522 points, while holding its opponents to 298. High point man was Bob Custer with 115 points; second was Bill Bisson with 79 points.

To Coach Wisecup and the Reserves—thanks for a real season of basketball.

SHAW'S men of the diamond finished a successful 1938 season winning nine out of fourteen games. The team's batting average was .321 and the fielding average was .900, while its opponents brought their total averages to .286 for batting, and .868 for fielding.

Dick Rose, with a .500 batting average, and Bob Harris, pitching five victories and four defeats, were outstanding members of the team.

Baseball is rapidly regaining its popularity of pre-depression days. Shaw joined the Metropolitan League in 1936 and finished the season with the central division championship. In 1937 she again won the championship of the central division but was defeated in the semifinals at Columbus.

SWIMMING

PAUL SCHMIDT .................................................. Manager
Mr. DOUGLAS W. VIVIAN ............................. Coach

THIS year Shaw's Neptunes out-swam all other league competition to gain the Lake Erie League swimming title for the first time since 1932. Shaw won the Lake Erie League meet with a total of 41 points. Their nearest rival was Heights with 29 points.

Although the team had no outstanding star, Desmond Cook, breast-stroker, did not lose a race until the Northern District Meet. Don Twining, freestyler, at the beginning of the season swam only the 100-yard free style. Later he swam both the 100 and 220, winning consistently in each.

Cook finished the season with 56 points, and Twining was runner-up with 48 points.

THIS year Shaw’s ice-men did much better than they did last year even though they did not capture the championship.

The team, under the coaching of Bud Cook of the Cleveland Barons, ended the season with five victories, three ties, and seven defeats. Shaw finished in sixth place in contrast to the tenth place position they held last year. This improvement is even greater than it appears because of the stiffer competition.

Shaw’s team was led by Rice and Biello, each of whom scored five goals.

one hundred twelve
THE band is playing a stirring march, the members of the football team are sitting on the stage, the audience is cheering—this is a typical scene at one of Shaw's student pep rallies. These rallies are staged by the Boosters' Club executive committee.

For the last three years, the Boosters' Club has held an election to choose a Shaw girl as football queen. This year's queen was Anne Canning who was crowned by Coach Rees at the Shaker football rally.

Added attractions at the rallies included pep talks by such eminent sportsmen as Al Sutphin, the builder of the Arena.
HAMPERED with inadequate seating facilities, Shaw's indoor sports have suffered somewhat in popularity. However, with teams far above the average, Shaw has enjoyed maximum attendance at her games. Baseball has regained much of its old popularity, while track has also maintained its interest as a Shaw sport.
The Athletic Council of Shaw consists of twelve girls, each of whom is either head or assistant head of one of the many girls' sports. These sports include volleyball, basketball, riding, winter sports, swimming, baseball, and tumbling.

In assuming responsibility for the after-school sports the Athletic Council members must select the teams and officials and take care of attendance cards. When the tournament is over they give tests, record the grades, the attendance, and count the number of points that girls have earned toward "S" letters.

This year, besides the regular rallies at the beginning of each semester, a tea was held with the Leaders' Club to which the mothers of the girls of both clubs were invited.
LEADERS' CLUB

INCREASED and invigorating activities are the goals at which the Leaders' Club, composed of the gym class captains, aims. This year the leaders have attained their purpose with a bowling party, and a tea for the mothers, given by members of the Athletic Council and the Leaders' Club, in addition to a splash party which was also a welcome contribution to their fun.

Requirements for becoming a leader are—superior athletic ability, high scholastic rating, outstanding personality and character, and an interest in the organization. The girls are selected by their respective gym teachers and are responsible for the attendance, lead the various squads, and are in charge of the classes when the instructor is otherwise occupied.

one hundred sixteen
The Shaw Tarpon Club was formed with the purpose of providing an opportunity for more girls who are interested in learning how to improve their swimming and to perform more of the fancy strokes and dives. It also provides further social contacts for them. The club meets every other Tuesday. The girls who wish to become members must be able to swim ten lengths of the pool and perform four different strokes.

The club had a splash party at Shaw with the Shaker Heights Swimming Club as guests.

In May, an inter-class swimming meet for girls was held. Miss Alice Juringus, the club adviser, presided over the meet.
THE first after-school sport of the school year is volleyball. It is entirely under the direction of the girls themselves. This year 126 girls came to the rally which opened the season. Of this number 68 received emblems for the sport and, at the same time, earned 75 points toward their "S" letters.

The "Yale-Harvard" volleyball game is the most important event of the season. The participants are selected by the captains of the after-school teams, the Athletic Council member in charge of volleyball and her assistant, Miss Wood, and Miss Juringus. Harvard was victorious this year, winning three straight games.
Basketball

Each year following the volleyball season, basketball begins to attract Shaw girls to after-school gym sessions.

The games are played in tournament form, the object being to create inter-class competition. There are three divisions: sophomore, junior, and senior. A round robin is played, a win giving a team two points; a tie, one.

The champion sophomore team plays the leading junior team and the winner of that contest competes with the top senior team. The victory in this fray decides the championship.

The best players in the tournament are chosen for Army-Navy participation. This game is an exhibition played for parents, faculty, and Shaw students.
THE loud splash heard every Tuesday afternoon in Shaw's swimming pool is the Life-saving Corps' initial plunge. There were approximately forty girls in the 1939 corps. Due to rehearsals for the "Nautical Novelties," the life-saving group did not meet the first semester but compensated for lost time by intensive work during the second semester.

After passing certain tests, the girls are given the badge of the Red Cross Life-saving Corps and are qualified to be lifeguards in any section of the United States.
THE Aqua-Dux, organized the second semester of the 1937-1938 school year, is a leaders’ group for girls' swimming classes.

The club’s purpose is to interest girls in teaching others to swim. Members have one extra swimming period a week in which they experiment with each other for improved methods of teaching swimming.

This organization was largely responsible for the water show, "Nautical Novelties". Club members participated in the swimming formations.
LAST spring, Shaw girls presented their biennial gym show with remarkable success. Adopting the name "Alice in Gym Land" they presented a series of gymnastic stunts in an afternoon and an evening performance. "Nautical Novelties", a water show, was presented by the girls this past winter.
