SHAW HIGH
1992 SHUTTLE YEARBOOK
Volume 83

SHAW HIGH SCHOOL was originally built in 1838 by John Shaw for his mother Mrs. Sarah Shaw to use as a single room school house. The school received official high school status and accreditation after building transformations in 1850 and 1878. The buildings that stand today are the Academy Building (shown) circa 1906, the Technical Building built in 1921, Korb Center built in 1959. The Annex Building constructed in 1964 and the Vocational Education Building in the 1972-73 school year.
Mr. Steve Lloyd, Principal  
I would like to take this opportunity to welcome you to the 1992 edition of our yearbook. Join the students and me and review some of the activities that will be remembered for years to come. I am very proud of the students who produced this book because they had to overcome many obstacles in order to freeze a few moments in time. Good Luck, you will be remembered.
We the students in order to form a more perfect class, establish peace and get the heck out of SHAW!!

CLASS OFFICERS

Being in charge takes a lot of hard work and time. This year senior government can really tell you the behind the scenes look. Many students feel the rep's didn't do anything or could have done a lot more. What they don't understand is the Senior Officers are still students no matter what title they hold. They have to adhere and answer to higher authorities just as all the other students.

The officers did everything they could to bring you bowling and skating parties, Senior dances, special senior days, and the best value price on prom tickets they could. All the credit doesn't go to the officers alone, many senior homeroom rep's did more than their share to give you the best year there was to offer. So give three cheers to your Senior Class Officers and Representatives.

Above is Tricia Baines, Senior Class Vice-President. "Being Vice-President for the 1991-92 school year has been a great experience for me. It was my pleasure working with Mr. Smith and President Valencia Johnson to plan activities for our Senior Class."
To The Left-"Being secretary of the Senior Class has been a pleasure, especially working with the rest of the officers and Mr. Smith. Being secretary also gave me the opportunity to listen to and deal with problems that arose with my fellow Seniors," explains Shelley Shelton.

Above- "The duties of a Senior Class Secretary are not to be taken lightly. They include displaying the ability to take responsive and informative records. Among the many duties of a secretary one must forever make themselves available to their fellow peers and superiors," explains Gale Williams.

"It has been an experience I shall never forget. It has been both a pleasure and honor being Senior Class President. It was a lot of hard work and it took a lot of time but I gave you (Seniors) my all. My only wish is for you to have continued success and a lifetime of happiness. Love ya." Valencia Johnson.
As We Move into the World and Towards Our Future . . .

DON'T JUST SHED TEARS!

Beginning with kindergarten, students start down a road consisting of, among other tasks, thirteen, long, hard, years of schooling before graduation. Countless warm sunny afternoons spent in hot, stuffy, classrooms and no matter how bad the weather was, we woke up early on cold winter mornings and trudged through rain and snow; when it would be preferable to just stay in bed. It hardly seems worth the bother. But on June 4, 1992, the Seniors at Shaw High who worked so hard, are being rewarded for giving that extra bit of effort.

It's been four long years, but the time has come for the Class of 1992 to walk across the Front Row Stage. The graduated will take a last look at many of their friends; assembled together one last time. One by one, they will walk across the stage and into their futures. They will join friends and family and step into the real world. Finally they will be the graduates. They know that it is so hard to say good-bye to friends, they who are more than just friends they who are family, some they may never see again. Meeting for the first time in elementary of Kirk Middle School, they have matured physically and emotionally together. They have built lasting friendships and shared most of their high school lives together, learning from one another and making memories that they will cherish for the rest of their lives. Although its, so hard to say good-bye, to the friends and teachers that have helped to make this an exciting four years they must. Fourth Memories of Class of 1992 will remain in the halls of SHS forever.

They are all glad to venture fourth and take on whatever lies ahead. They'll miss the good times and friendships that they have shared at Shaw High School, but as Frederick Douglas once said, without pain there is no progress.

"I hate the fact of all the violence we have. I dislike the way the security guards grab and mishandle students. I really dislike the fact they close down the Korb after a fight and when we have to leave the building without any coats for an 'scheduled'
At the right, Sheronda Hogue says she hates when the security guards write referrals for little things and when something drastic happens, they pretend nothing happened.

Below, Letha McPherson tells how she hates the phony people who stab you in the back. You really find out who your friends are over the years. (You know who you are).

Above, Timothy Smith doesn’t like the fact that a lot of Seniors turn quickly to get a rep-“transformers”. They try to be something they’re not.

Right, Chris Arnwine hates gossip that hurts people and causes unnecessary violence. People should mind their own business so that other people won’t get hurt.
If I am not mistaken the sign in front of this building did not say 'Las Vegas' and I do not think we are suppose to play (or for that matter have) cards in this building, but please don't tell that to Shauna and Mike.

Baby, I believe lunch is over at 12:30

If he told you once he told you a million times. "This is Brook's house. Hats off in the building!"

NO!!! We are not just Fly students who attend a Fashion Show High School. We caught these students with all smiles as they participate in Senior Dress Up Day.
They might be able to sneak past "America's Most Wanted" but they definitely can't get past us. We searched high and low to bring you some never again seen footage of Shaw High Seniors caught red-handed.

If beauty sleep is what she's studying. Then she'll get a perfect A. But as Death so clearly said in School Daze "Wake up!"

Who did you say should have won 'Biggest Creeper' (sneak)?

HARD II  SAY GOODBYE

HOW DO I SAY GOODBYE TO WHAT WE HAD. THE GOOD TIMES THAT MADE US LAUGH, I'LL WILL REMEMBER. I'D THOUGHT WE'D GET TO SEE FOREVER, BUT FOREVER'S GONE AWAY. IT'S SO HARD TO SAY GOODBYE TO YESTERDAY.

I DON'T KNOW WHERE THIS ROAD IS GOING TO END. ALL I KNOW IS WHERE WE'VE BEEN AND WHAT WE'VE BEEN THROUGH. IF WE GET TO SEE TOMORROW, I HOPE IT'S WORTH ALL THE WAIT. IT'S SO HARD TO SAY GOODBYE TO YESTERDAY.

AND I'LL TAKE WITH ME THE MEMORY TO BEAM MY SUNSHINE AFTER THE RAIN. IT'S SO HARD TO SAY GOODBYE TO YESTERDAY.

AND I'LL TAKE WITH ME THE MEMORY TO BEAM MY SUNSHINE AFTER THE RAIN. IT'S SO HARD TO SAY GOODBYE TO YESTERDAY.

We regret any misspelling and omission. The Yearbook Staff
Mrs. Grossmen's class smiles every time they enter their class because they like to find out what new way of teaching she is going to show them.

Bright sunny day and Madame Blum is giving her class a chance to do their homework so they can have time for themselves after school.

Ms. Maly a Spanish teacher who knows how to get results five min. into the class the students are already hard at work studying Spanish.

Ms. Lima's class is working on letters to imaginary pen pals (in French) they are good in both reading and writing French.
Mrs. Kingzett's class is not a boring math class but one where you work together to solve common math problems. And everyone enjoys doing it.

Ceron Sims and his computer are not getting along today as he waits for the computer to come back on-line after it was off-line for three min. Poor Ceron wish you all the luck in the world.

Mrs. Way is a teacher who uses a lot of visual aids to help her students learn. Sacha is in a hurry to answer a teacher's question as shown in this photo.

Senior Howard does not start his class off like other teachers because he starts it by speaking everything in Spanish and speaks almost all Spanish during the entire class period. But do the students understand him?

QUICK STUDY
The importance of studying MATH and the FOREIGN LANGUAGE.

This subject has been around since the beginning of time. Math is very fundamental in our education system. It is important in many careers, such as medical fields and engineering. At Shaw High School there are many different math courses offered to students to fit their needs. That's why it's important for all of us to learn some kind of math whether you feel you need it or not. Somewhere down the line it'll come in handy.

Spanish and French are the two languages taught at our school. While learning about other peoples cultures and languages it is important as well as fun. While most students take only up to their second year, lots of students go all the way up to their fourth. By then, students can speak the language fluently and be able to help others in need or even help out a Spanish or French person who's new to our country and can't speak English very well.

Science the mystic art of discovery. Shaw High science gives students a chance to discover on their own with very little guidance. Thumbs up!!!

Lonnie Wells explains to Nnade Slade (not in picture) the muscle fibers he was looking at through the microscope.

Mr. Massa helps a student with geology in his Earth Science class.
Chemistry 2 students begin their weekly science experiments. Now they are suited up and ready to go.

Chemistry 1 students constructing geometric shapes that represent chemical elements on the periodic chart.

Student checking her facts before she continues to experiment on some rocks to identify them.

Chemistry can be fun; it’s a time to explore new ideals and to learn some important safety tips that are good in any scientific profession.

Committed to Excellence is the motto. Since 1979, J.R.O.T.C. is a program of leadership with a mission, 'To Motivate young people to be good Americans.' This program is made up of dedicated students who seek the military as a career and use J.R.O.T.C. as a stepping stone, or either just merely for the benefit of good leadership skills that they will develop from the program. To the teachers and students we salute you.

One of the big events of the year was homecoming 1991-1992. Not only did the student body of Shaw High go to homecoming dance in style, this great celebration was kicked off in a new style. A new style that had the homecoming dance in the Korb Gym and a reception area in the Korb Lounge. This great day of celebration began with a beautiful parade which featured the Homecoming Court, clubs, organizations, and many different groups. After the parade there was a football game. During the football game "The Big Red" defeated the Shaker "Red Raiders" with a score of 16-0. And ended the season with a record of

Senior James Greenwood and Freshman Ronald Thompson run side by side at the Edgewood District Meet.

Freshman runner, Ronald Thompson displayed an outstanding talent by qualifying for the T.A.C. National Junior Olympics in Oregon. Remember this was only his first year.

You can't tell in this picture but this guy was leading 4 opponents by a very good margin. Who is this guy? Why it's Sophomore Larry Griffie of course.

With the look of determination, Freshman, Joseph Harris races at the Forest Hills Parks.
OVER THE RIVER, THROUGH THE WOODS, AND AROUND THE BEND, COMES THE CROSS

X-COUNTRY

They just get better with time. This phrase fits our cross-country team to a T. With the departure of the old, we again are blessed with the new. A prime example would be freshmen Joseph Harris and Ronald Thompson. Thompson qualified for the T.A.C. National Jr. Olympics in Oregon. This was the second time in two years that a Shaw student has qualified for the Olympics. Sophomore Larry Griffie is in the district and place 1st among the Shaw runners and placed 14th overall out of 207 runners.

Senior Daunteley "D.J." Signal was our only 4 year letterman. Daunteley as a freshman came to the X-country team with a dream, he left on cloud nine. Because of his unquestionable commitment he was named 'Most Dedicated', and if you "D.J." You know he was well deserving.

Coach J. Thomas says he will "Encourage the spirit of comradity, and hopes the entire team qualify instead of individuals."

SWIMMING TIME
OUR MEN OF THE WATER

The splash of the water, the pat-pat-pat of wet feet, the Bong of the diving board. You can only find these sounds at a swimming pool. And you can only find the perfect swim team at Shaw High's Korb pool.

With dedicated members and sportsmen-like attitudes our swim team came out this year with determination and a will. That will being: No matter what we must stick together and hang on in there. And they did just that. Although they didn't end with a winning season they stuck together and pulled though, so they were winners to each other.

With the attitudes and abilities they even Greg Luganus would have fears about competing against our Nautical Men.

The perfect ten is shown here. Legs straight, head in, toes pointed. The judges sit in amazement. Touch your toes, and one, and two, and three. Michael Jordan ain't got this much hop.

The games began here with a meet against Beachwood at home. This shot was taken just as the whistle was blown and the guys set out to beat the clock and each other. At this meet Shaw defeated Beachwood.

Senior, swimmer Brian Bartley performs an excellent example of an Olympic-perfect dive. Brian is a four year swim team member. During these four years he has displayed an awesome talent and dedication.

THE TRUTH AND NOTHING BUT...
Below, Freshman Jerald Harrison explains that the reason the number of sports participants has decreased is because of the negative things players get involved in. He expects to pay about $100 next year to play football.

"I feel someone isn't telling the truth this case. Judge C. Thomas looked as though he was telling more of the truth than Anita Hill," explains Vanita Mckissack, senior.

"No, I still have a good social life. AIDS has not really changed my life. If I did know someone, I would still go out with him/her and have a good time." Shelle Shelton

"Girls should think before they get involved with a guy and use protection. They (both) think of sex as a fun thing. They need to look to see what can happen first," says Dontay Hunter.
"Yes rap music makes a statement—good and bad. Some rap is bad but sometimes it tells the truth, and some rap music has advice for the young and old. Because not all the young people are doing wrong, they (old) need to listen to some rap themselves." tells Senior, Yulanda Williams.

"A lot of "Light" skinned people feel that they look better than "Dark" skinned and a lot of people prefer to go with "Light" skinned people than "Dark" skinned people," explains junior, Sandra Jackson. (not pictured)
Below, Flether Colvin really enjoys his gourmet special consisting of a Romanburger, hot French fries, & white milk. Eat 'em up yum, yum.

While Tay-Tay and tall Dee-Dee are munchin' on some cheese popcorn, they are watching the food fight that was about to begin.

PIG OUT
STOP!!!! IT'S LUNCH TIME

When the clock strikes half past ten babe it's time to head for long, slow, lines. Hey it's a good time for the great taste of lunch-in the cafe. It's lunch today, please make it a good lunch today.

Man, I hope that I didn't get breakfast (early lunch) again this year. I'm tired of eating that boring lunch period. No one eats third period. YES, I eat fifth, I eat fifth. That is the livest lunch period of them all.

Those words, as well as many others can be heard at the beginning of the school year. Many say a third period lunch is too early, others say by the time you get to fifth period "You be starvin'". Everyone is caught up on what period they eat rather than what they eat. Probably because most students try to find a way to eat off campus.

This year the cafeteria's slogan was "Pizza worth staying in school for". Well, the pizza was worth staying in school for on the first day, but not for breakfast or lunch on the second day. Don't get me wrong the lunches this year were much better than years before, but don't wear a good thing out, Pizza before noon???
To The Left- Sam Terrance, B.J., and Julian are in the Tech cafeteria taring up some Tech specials

Below are some Shaw students grubbing and gabbing in the Vocational Cafe'.

NOW these ladies are really enjoying their Bar-B-Que chicken lunches. Why look nothing but sauce left where that Perdue chicken used to be.

Breakfast at the Voc is something to get up early to. From cereal with muffins to pancakes-and-sausage-on-a-stick, Shaw's breakfast was well worth getting up and catching an early bus.
I, Valencia Johnson, being of sound mind, body and graduated, do hereby leave my last shout outs to my freshman cousin J.C. Robinson Jr. I pray you improve in your years to come. Please don’t let these nappy-head, non-studying friends of yours keep you from passing. I love you, stay sweet. To the fellas and C.L., all I will say is you will remember the one you respected when the time comes. To all the rest of yall—Peace class of ’92 is outta here!!

Central State University

I, Tim Smith, would like to say peace to Shaw High and all of it’s level-headed students, see ya!! Oh, Yeah< later to all you scrubs too, peace!

I, Yulanda Williams, being in sound mind and body, would like to say to the horizon future generation it’s your chance to make a difference. To Chevis (my little friend) “Don’t be a follower, but be a leader”. Last but not least to my little brother Walter Jr. “Due to the fact you are going to grow up to be a Black man, make sure you are an educated Black man”. To the both of you—Remember life is what you make it and there are two things you must believe in, God and yourself.

I, Christopher M. Arnwine, being in sound mind and body, do hereby leave my good luck and best wishes upon the underclassmen especially the Freshman, and all who come after them because they have a hard road ahead of them. Good luck and don’t let your friends stray you from the past.

Finally to my best friend Ebony, I leave my love, friendship, advice, E.S.P., and stale boyfriends for you to talk about.

Case Western Reserve Uni.

To all the Junior males, I leave my crown of Most Attractive, Biggest Flirt, and Prettiest Smile to the lucky guys who got what it takes. Mack all the pretty women!!

Rod Johnson

To Shaw I leave you my little brother Darnell and my cousin Sakina. To all those Seniors left behind and underclassmen, the dress code. Finally I leave you Dr. Iverson.

Darwin Haney

I, Nichole Nelson, leave to the class of 1992, those not graduating, the will to stay in school and strive to make it. To certain people of “93”, my girls, Quiana and Felice, I leave my sexy looksthat they have already acquired with my help. To all my teachers, especially Mrs. Abernathy and Mr. Neu, I leave my spirit, knowing I got on your nerves. Lastly to Michael I leave my love. I love you baby.
To the loved ones I precede, I am proud to say that it is not necessary for me to leave sense, knowledge, and strength, because I know that these are qualities you both own. I hopefully leave inspirational words; you can succeed because you have the ability. You will succeed because you have endurance. Do all that you can, to the best of your ability, and you will be triumphant. For Mosadi-rra Garner and Robert Smith.

Lakeesha Tolliver

To all the ignorant people, I leave the ability to wake up and realize what you’re doing to yourself and your people, also the ability to be yourself and not follow the crowd. Eachone, teach one, WAKE UP YALL!

I, Vernon Johnson, being of sound mind and body, do hereby send my last shout out to Princess Maxwell and my cousin Tamara and Seana Berry. Hold your head up high and do the very best to succeed and remember me always.

To all my underclassmen friends I leave you my string mind. To all the silly females at Shaw I leave you maturity and the ability to graduate. To Ms. Robinson, I leave you the ability to answer your own phone and the memories of me. Tricia Baines
